

## TAMIKA HODGES' OPUS

### OVERARCHING VISION

Imagine a **tribe** who has the divine insight to see themselves for who they truly are.

Image a **cause** committed to helping others discover who they are destined to be.

Imagine a **space** that cultivates others to unleash their creative genius.

**PURPOSE: Restoring 20/20 Insight:** by helping people see themselves through a new set of eyes.

### UNIFYING STRATEGIES

#### **20/20 Insight to Tamika**

In order for me to serve God and the tribe I am called to serve, I need to be attentive to my spiritual, physical, emotional, relational, developmental and social needs. If I ignore either facet of who I am, I reduce my ability to serve this tribe affectively and authentically.

**Mind:** Continually renew my mind with the Word of God. Read books on the power of thoughts, meditation, etc and become a master of my mind and thoughts.

**Body:** I must eat well, exercise regularly and get the proper amount of sleep and not violate or allow another to violate my person. When I function within the boundaries laid out for me by God, I am the best person I can be.

**Soul:** Read the Bible regularly. Engage inner soul work to evaluate the state of my soul and allow the Creator and Holy Spirit to take me on a journey of healing and wholeness. I must pay close attention to my emotional cues in order to combat the bombardment of the enemy. Read books on emotionally healthy spirituality.

**Spirit:** Stay connected to the Lord through daily prayer and guided scripture reading. Feed myself from the word of God (The Bible). Eagerly await the Rhema (Spoken) word that I will get from the Logos (Written) word of God. Research and read books that will help me grow as a Christian woman.

#### **20/20 Discovery (HELP)**

**Highlight:** Help people discover who they are created to be through written word of God, clearly guided reflective questioning, games and improvisational exercises that will help people unearth facets that have been hidden.

**Educate:** Once a person has gained insight into who they are, I will connect them to a process that will help them dig deeper and educate themselves as necessary to achieve a set goal.

**Listen:** After connecting people to this process I will meet with them in a group setting, individually or virtually and listen to them to connect them to the next step.

**Propel:** Once aware of the next step, we will set a game plan to propel the Tribe or individual to move toward the goal. He/She will be empowered to move forward.

**HELP** will be instituted via varied outlets. HELP will be given by conferences, speaking engagements, written literature, written scripts, movies, television experience, games and encounters.

## **20/20 Media**

**Radio:** Will produce short scripted commercials that will be geared towards gaining 20/20 insight to self and how to accomplish that. Firstly it will be geared to Christian radio stations or ethnically driven stations such as local WBLS that has gospel Sundays and will be ran during their programming.

**TV:** Produce programming that will bring the truth of the gospel to the world with a secular spin.

**Film:** Produce movies that are edifying and empowering. Produce movies that will show the truth of who we are and help people see themselves through a new set of eyes. The characters within most movies would have been deceived in an area of their life or perception and uncover the truth of the situation and how their life is turned around. These movie will help the character gain 20/20 insight. These movies will leave the viewer asking questions that will help restore their 20/20 insight.

## **20/20 Publishing**

20/20 Insight is to Restore 20/20 Insight: by helping people see themselves through a new set of eyes. This will be accomplished in part by written materials. Books, Script Writing, Targeted games, written word that can be performed as spoken word.

## **20/20 Experiences**

**Speaking engagements:** Speak to people about the message of 20/20 and HELP

**Conferences:** Take people through a Deeper Path experience and touch on 20/20 and Help.

**Encounter/Spiritual retreats:** Dig deeper use the tools of Deeper Path, 20/20, Help and spiritual encounters held at NBCC to guide the tribe toward their call, destiny and most importantly enhance their relationship with the Lord.

## **THE CORE**

### **WORLDVIEW:**

I believe in a divine creator named Jehovah God. The creator of the heavens, earth and every living thing in the earth.

I believe that this creator God desires to know us and be know by us. The us I refer to is humanity.

I believe that humans according to Biblical scripture are made in the image and likeness of God and therefore contain in part God's essence.

I believe that God is tangible in as much as He desires for humanity to engage in a relationship with Him and discover who we are through that relationship.

I believe that in the beginning of recorded history that man (male and female) had perfect unfettered union with God and evil in the form of satan came in and deceived man into committing the first recorded sin.

I believe that man has ever since been scrambling to get back into right standing with Jehovah God and that happens through a relationship with Jesus Christ.

### **IDENTITY:**

I am a daughter of God.

I am a dreamer, I dream that the world that I live in can be changed for the better by those people who embrace their call to usher in change.

I am a worshipper.

I am an actress.

I AM A BELIEVER IN CHRIST JESUS.

### **PRINCIPLES:**

I value life all human life.

I value time, it is a valuable asset that needs to be cultivated and respected.

I value people and they are not disposable that are invaluable.

I value talent, talent comes in many forms.

### **PASSION:**

I love change, I get very frustrated when I am in a state of stuck and nothing is changing in me or around me.

I love people of all nationalities, ethnicities and cultures

I love to help people uncover the truth about their current situation.

I love to persuade.

### **PURPOSE:**

I live to love God and people

I live to be **creative**, I was formed in my mother's womb by the Creator of the Universe and I live to **fully** partake in the creative mandate on my life.

I live prophetically to sing, write, act and worship a True and Living God.

I live to share my life and my journey with others

I live to live life on purpose instead of living life to take up space.

I live to see the world that I live in changed for the better for the cause of Christ.
